That's a fantastic idea! A ceilidh is a wonderful way of having your first dance! We are happy to take requests if there is a dance or tune you would particularly like or we are equally happy to work with you to find one to suit! It can be anything from a slow waltz to a mass dance! Or maybe even something that progresses between the two!

**And if we decide to go for a more contemporary first dance?**

Then we would be very happy for you to use our sound system for you to dance to! Just mention this when you send in your enquiry!
